THE MOST COMMON AILMENT.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary too, for a cure may be effected at a very small cost. Dr. W. Westcott, of Meadowdale, N. Huffman his meat market on Main street, east of Manin's restaurant.—Advocate.

AN ANGRY COLONEL.

Col. Jones has given up for awhile his favorite pastime, that of pursuing the columns of the INTERIOR JOURNAL. We are sorry to lose him, "but it's an ill wind, etc." He says he is dunned tired of being fooled into commencing an item he knows will be interesting reading and at its conclusion finding it to be a clever article on Col. Carter's Liver Pills, Lemjib's Liver Pads or a jolly to a weak minded woman from old hide Plinkham.

He came into the office this morning and canceled his subscription to the paper, saying that he ran afoul of whole pages lately that "cooked his goose" for good and he was going back to the Vicar of Wakefield and Children of the Abbey, whose venerated authors he had a clinch on, they had been dead so long.

He certainly was the picture of an angry gentleman, as adjusting his eyeglasses and calling off from his note book, he informed us, with an oath, that in the past three days only he had been fooled into presuming "three thrilling lion stories, some entralling gossip about a Haralupas that he had not heard of since he quit reading the Bible and a lot of other stuff, all widdling up with the information that they would all be seen with the Sells & Downes' Big Shows at Stanford, Monday, May 12."

WONT FOLLOW ADVICE AFTER PAYING FOR IT.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by Craig & Hocker, Druggists.

The average expenditure in the whole country for public schools is \$9.50 per head of school population, calculated on the population between five and 18. The collection for home missions at the Christian church Sunday amounted to \$25. As a building fund is also being solicited, this was a liberal donation.

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 34 District, subject to the will of the democracy.

H. H. HENNINGER.

Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

REPRESENTATIVE Stephen F. Morgan, of the tenth Ohio district, has just been re-nominated, and inasmuch as his district is nearly 10,000 Republican, will be re-elected. Mr. Morgan is the silent man of congress. He served in the fifty-sixth and in the present congress and the most careful research fails to disclose that he has ever opened his mouth, either on the floor or in committee, for any purpose except to answer his name on a call of the roll. As a member of the committee on Jordan affairs, he sits through session, listening to what is passing around him, but never joining in the discussion. When his colleagues attempt to secure his opinion about some pending matter he gives it usually in a whisper. As a rule it is not the quiet man who gets there, but Mr. Morgan seems to be an exception. The man who makes the most noise and talks the loudest is generally considered the smartest, and in nine cases out of 10 he forges to the front, while the man who has sense enough to hold his peace gets left in the race.

GRAND and glorious old Admiral Schley made the following statement regarding the death of Admiral Sampson: "I regret very much the death of Admiral Sampson and I sympathize with his family. No one has ever heard me utter one unkind word of him. On account of his death I have requested my friends in Baltimore to postpone the delivery to me, which was intended to take place to-night, of the Cristobal Colon service of silver, and they have granted my request." Verily the old hero is of the salt of earth: A great soldier, but a far greater man is he.

VEGETABLE diners, at which no meat of any kind is used or served, are fast becoming a fad in Washington. A lady who gave an elegant dinner informed her guests that the meat trust was not necessary to a successful dinner and asked them how they liked the one just served. They were surprised to find that not one morsel of meat was included in the menu, which was full of the choicest dishes. Stanford ladies might try the experiment with pleasure and profit.

ADMIRAL SAMPSON is dead. Poor man! He rendered the country some capable services, but his effort to prove that he won the battle of Santiago harbor was so abortive that his death was doubtless due to disappointment in having the American people rebel against the naval court of inquiry that gave him the honor and took it from the real hero, Winfield Scott Schley.

The doctors will get \$31,000 out of the \$50,000 appropriated for the obsequies of McKinley and it is said they will be satisfied to take it and make no further effort to squeeze the government. They wanted a great deal more, but even the amount allowed is outrageously large. No telling what their bill would have been had the president lived.

W. A. GAINES, of Covington, the colored special deputy in the revenue service, has been "fired" by Commissioner Yerkes and Albert S. White, of Louisville, has been given the job. As it is a case of Negro succeeding Negro the public will lose no sleep over the change.

POLITICAL.

The President will sign the oleomargarine bill.

Sadie Day has been appointed postmaster at Harlan Court-House.

Representative J. S. Salmon, of New Jersey, died suddenly of apoplexy.

The Senate steering committee is reported to have decided to have the Senate take up the Isthmian canal question upon conclusion of consideration of the Philippine Government bill.

Gov. and Mrs. Beckham have accepted an invitation to attend the Knights Templar Conclave in Versailles May 21 and 22, and will be the guests of the Hon. Lewis A. Nuckolls.

Brutus J. Clay, of Richmond, and William T. Stafford, of Palatka, have each applied for the position of Minister to Guatemala, to succeed Dr. W. Godfrey Hunter, whose resignation is expected.

Ninety clerks and employees in the Louisville postoffice will receive increases in salaries ranging from \$100 to \$200 on July 1.

There are 420,000 pensions claims pending before the pension department and now that Commissioner Evans has been gotten out of the way every one of these claimants thinks he has a "good thing."—C. J.

It is said that President Roosevelt will make several speeches in the South during the coming Congressional campaign. The democratic party just bigger-dares him to take his friend Booker Washington along with him.—Glasgow Times.

A large delegation of Boer sympathizers appeared before a subcommittee of the House committee on Foreign Affairs and urged the adoption of a resolution asking President Roosevelt to send Great Britain an expression of sympathy for the Boers and expressing the hope that the war would be ended.

Gov. Davis, of Arkansas, has pardoned a Negro convicted of assault with intent to kill. The pardon is on condition that the Negro take up his residence in Massachusetts. The governor says he is moved to this action by the expressions of sympathy for the "poor oppressed Negro" which he heard in the North on a recent visit.

The Frankfort Journal says the withdrawal of Lt. Gov. Carter from the Congressional race in the Eighth district secures the re-nomination of Hon. G. G. Gilbert. Not on your life. Mr. Gilbert may get the nomination but there is no assurance of it. If he wins over Hon. R. C. Warren, of Lincoln, he will not do so on flowery beds of ease, but will have to sail through bloody seas and travel the rough road of Jordan to do so, for Mr. Warren is somewhat of a sprinter himself.—Lexington Democrat.

TIMBER LAND FOR SALE.

In order to settle the partnership business of John Bonta Jr. and J. C. Coulter, Mr. Bonta having died last December, we will sell 2,700 acres of timber land in Adair county, Ky. This land contains between 4,000,000 and 5,000,000 feet of Poplar, Oak, Walnut, Chestnut and Hickory timber. This tract of land is close to the famous oil fields of Wayne county and is exceedingly well adapted for agricultural purposes. All of the land is in one body and it is a bargain for some one. For particulars apply to J. C. COULTER, Middleburg, Ky., or to E. M. Hardin, Harrodsburg, or Oscar Bonta, Faulkner, Ky.

BLACK HAWK, JR.,

Will make the season at my farm 1 mile southwest of McKinley at the low price of \$8 to insure a living colt. Black Hawk is nearly 16 hands high, black with many rose, fine legs and muscles, sure footed. Several of his colts have come and are showing up fine. He is one of the best bred jacks in the State as the following pedigree will show. He was sired by Col. Hill Breckinridge, by Cleveland, a jack 17 hands, by Big Tom, by Coney Mearns, imported jack. Black Hawk's dam was by Frank Mack, 2nd dam a Mule Jack, sired by Compromise, he by Tippecanoe, he by old Black Hawk.

ROYAL DENMARK,

Will also stand my fine combined stallion at the same place and on same terms, \$8 to insure a living colt. Royal Denmark is 16 hands high, beautiful bay, 5 years old, sired by Black Hawk, by Stone-wall, Jr., he by old Stonewall, he by Washington Denmark. Royal Denmark's first dam by Escort, registered, second dam by Peavine, registered, 3rd dam by old Imperial Volante, 4th dam by old Copperbottom, registered. Considering Royal Denmark's breeding and individuality, he is without doubt the cheapest stallion standing in Central Kentucky today.

Stares bred to either of the above stock changing ownership once forfeits season.

R. S. SCUDDER, McKinley, Ky.

The managers have arranged with Farris & Hardin for the banquet to be given in honor of the contestants and their escorts.

THANKS.—Miss Lillie Beazley, of the faculty of the C. W. B. M. College at Morehead, sends us by express, prepaid, a sample of the brooms made by the boys of that splendid school. The profits on these brooms go toward defraying the expenses of educating the boys at that institution and as they are splendidly made and sell at the same figures other brooms do, friends of the Christian Women's Board of Missions should buy the "C. W. B. M." broom and urge others to do so. It is likely one or more of the Stanford merchants will handle this broom.

REINHART.—Mr. J. S. Reinhart died Wednesday afternoon after a short illness, aged 74. Softening of the brain was the immediate cause of his death, although his sickness began with grip. Mr. Reinhart was born in Germany but lived at Paducah many years before coming to Stanford. Although never uniting with the church he was a firm believer in the divinity and always said that a good Mason was bound to be a Christian. He stood high in Masonry and a telegram was received from Paducah yesterday morning by that order that he was in good standing and that the lodge here do whatever it could to relieve the distressed. Mr. Reinhart was the father of Mr. E. L. Reinhart and had lived with him since the death of his wife. He was a kind-hearted, clever old gentleman and had many friends here who deeply regret his demise. Rev. R. R. Noel conducted short services at the grave in Buffalo cemetery at 2:30 yesterday afternoon, after which the body was laid to rest by the side of his wife.

THE graduating class of Stanford Female College has ordered through this office the finest engraved invitations the Courier Journal Job Printing Office could get out. They come high, but then the average young lady doesn't graduate more than once.

Oil has not been struck in the Baughman well No. 2, but it seems that it is only a question of time until the fluid is found. The formations encountered have all indicated oil and a rich flow is hourly expected. A depth of 680 feet has been reached.

AN Italian woman has been found who is the mother of 62 children. It would be interesting indeed to know how she managed to go through it all, especially to those parents who have 60 or so less, and yet have all of their time taken up to watch and care for them.

THE officers of the Second Christian church, colored, have engaged Contractor J. A. Allen to repair their church to the extent of \$150, and the following members have been selected to solicit contributions to pay for the repairs: Richard Thurman, Alex. Rose, Alex. NOTHING is being left undone to make the 9th annual elocutionary contest, which will be held here June 20, surpass all previous efforts. The prizes will be the most expensive ever offered here and the best talent in the State will take part. Seats are already being spoken for and the people will show by their large attendance that they appreciate Mr. Beazley's efforts. The contests in which he has been interested have all been conducted with the utmost fairness, which accounts to no little extent for the success of them.

RATS!—The rat editor of the Danville Advocate asks the readers of the following story to believe it: John Phillips, of Shelby City, had a battle with rats. He had a crib of corn which he was holding to sell when the price of the cereal became higher. An investigation proved that all of the corn had been devoured by the rats except a covering, which had been left for a blind. When Phillips discovered the exact condition of things, he was enraged and at once began to wage war against the rodents. They fought him viciously, but he came out victorious, killing 57 while 300 or 400 escaped. Two or three bit him on the right hand, but the wounds are not serious.

REID.—Miss Elizabeth Withers Reid, third daughter of Mr. and Mrs. Forester Reid, of Danville, died at noon Tuesday, aged 17, and was buried in Bellevue cemetery yesterday afternoon after services at her late home by Eld. H. C. Garrison. Miss Reid was one of the prettiest and brightest girls in our knowledge and her death is one of the saddest in years. Just ready to graduate at Caldwell College, having won the honors of her class—valedictorian—she is indeed sad that she was thus cut down at a time when all the world was so bright and joyful to her, and when she was so much pleasure and the source of so much gratification to her fond parents and admiring friends. Just budding into beautiful womanhood, Miss Reid had a brilliant career in store, but she knows best and she calls to come up Higher, though mysterious it seems, is evidently for the best. In her childhood she gave her heart to God and her life since has been that of a true follower of the meek and lowly Nazarene. May those who sorrow soon realize that their loss is Miss Reid's eternal gain, and strive to meet her in the home where trouble does not enter, but where joy is supreme.

GOOD LIVING

Quite often results in bad health, because what is termed "good living" is usually the gratification of the palate without reference to the nutrition of the body. When the good liver is a business man and rises from a full meal to plunge at once into work requiring mental effort the result is almost sure to be disastrous, because digestion draws upon the same nervous force which are employed in thought. In time the stomach becomes diseased, the processes of digestion and nutrition are imperfectly performed and there is a physical breakdown.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It eliminates the effete poisonous matter which originates in the system as a consequence of imperfect digestion. It gives sound health to the whole body.

"I wish to say to the world that Dr. Pierce's Golden Medical Discovery has proved a great blessing to me," writes Mrs. Ellen E. Bacon, of Shutesbury, Franklin Co., Mass. "Prior to September, 1897, I had doctoring for my stomach trouble for several years, going through a course of treatment without any real benefit. In September, 1897, I had very sick spells and grew weaker and but little better. I commenced in September, 1897, to take Dr. Pierce's medicine, and in a short time I could eat and work. I have gained twenty pounds in two months."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

TO BLACKSMITHS.—Car load of blacksmith coal just received. J. H. Baughman & Co.

WE expect to have all our stock sold by the 20th. So if you want any, call on our office before that time. Lincoln Oil, Gas & Mineral Co.

BARBOURVILLE.—A few hours spent at Barbourville will impress any one that oil fields help a town. When we were there some two years ago the capital of Knox presented a dull, sleepy appearance, but since the "gushers" have "come in" things look far different. Hotels are crowded, livery stables are doing a rushing business, lawyers are busy looking up boundaries, etc., and the merchants are selling goods as they never did before. The L. & N. depot is being enlarged to accommodate the immense amount of freight handled and Joe Owens, the clever and efficient agent, is about the busiest man in town. Two big oil supply houses have been erected not far from the depot and are filled with everything needed about an oil well, except the fluid itself. Since the oil boom two papers have started up and both seem to be doing well. Mr. Lewis D. Sampson, for years an I. J. correspondent, is editor of them both and he has his time pretty well employed. His Kentucky Oil Journal is filling a long felt want as well as his pockets with the ducaats. Will Hudson, once editor of the Pathfinder and later of the Mt. Vernon Colonist, is assisting Mr. Sampson. Mr. J. M. Riddle, formerly of Madison, is one of the genial mine hosts of Barbourville. His Drummers' Inn is one of the popular hotels of the mountains. Oil is the absorbing theme of course. New companies are being formed almost daily, while oil drills are running from the Sinking Creek region to rich oil fields of the Richmond. As yet no pipe lines have been laid but it is only a question of time until they are, as a company with a big capital has already been formed for the purpose.

MONUMENTS.
(Piercing.)

White Bronze is to stone in the monument business what the improved drop-head sewing machine is to the old hand method, or the palace car is to the old stage coach. It is the advanced thought of the age. It is indestructible and will perpetuate the records and resting place of your loved ones. It is very beautiful with a frosted silver appearance. Please hold your order until you can investigate it.
